Vu Topper RM

Transient
Sovereign Page220
Auxiliary
None

Question No:5 (Marks:1) Vu-Topper RM
This is not a characteristic of usability test
The primary goal is to improve usability
The participants do not represent real users. Page270
Observe and record what participants do and speak
None of the given

Question No:6 (Marks:1) Vu-Topper RM
_____ applications are great platforms for creating an environment rich in visual feedback for the user.
Sovereign Page222
Transient
Auxiliary
Daemonic

Question No:7 (Marks:1) Vu-Topper RM
_____ has a goal of assessing whether the product works according to its specifications.
Trunk Test
Quality assurance Page270
Both above
None of the above

Question No:8 (Marks:1) Vu-Topper RM
_____ is a usability test in which a member of the test team sits in the room with the participant and actively probes the participant's understanding of whatever is being tested.
Co discovery

Trunk test
Active intervention Page276
None of the given

Question No:9 (Marks:1) Vu-Topper RM
In an email application configuring a new email server is a key path activity.
True
False Page207

Question No:10 (Marks:1) Vu-Topper RM
_____ are perhaps the least-documented patterns, but they are nonetheless in widespread use.
Postural
Structural Page217
Behavioral

Question No:11 (Marks:1) Vu-Topper RM
The way people carry out an activity in the real world is same as how it may be observed in the laboratory
True
False Page256

Question No:12 (Marks:1) Vu-Topper RM
Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence _____ is appropriate.
Usability testing Page264
Field study
Predictive evaluation
DECIDE framework

Vu Topper RM
