Which vulnerability comes under cat 2 as per DISA STIG?
Digital World VU
The exploitation of which will directly and immediately result in loss of cia
The exploitation of which has a potential to result in loss of cia
Existence of which degrades measure to protect against loss of cia
Any critical vulnerability

Question # 6 of 10 (Start time: 08:30:44 PM, 05 July 2022)

Checklist of applicable security controls step includes?

Digital World VU

lect the correct option

- Research for applicable controls
- Make a checklist for progress tracking and share with it teams
- Both b and C
- Document controls in sop

Question # 10 of 10 (Start time: 08:26:35 PM, 05 July 2022)

Policy & compliance practice of "governance" function of software assurance maturity model is focused on_____

Digital World VU

Select the correct option

- On proactively specifying the expected behavior of software with respect to security
- On establishing a framework within an organization for a software security assurance program
- On arming personnel involved in software lifecycle with knowledge and resources to design develop and deploy secure software
- Understanding and meeting external legal and regulatory requirements

(Start time: 08:24:31 PM, 05 July 2022)

What does CCI explain about rule in DISA STIG?

Digital World VU

Select the correct option

- Tells how to apply control
- Describe the benefit of implementing control
- References
- Describes the control

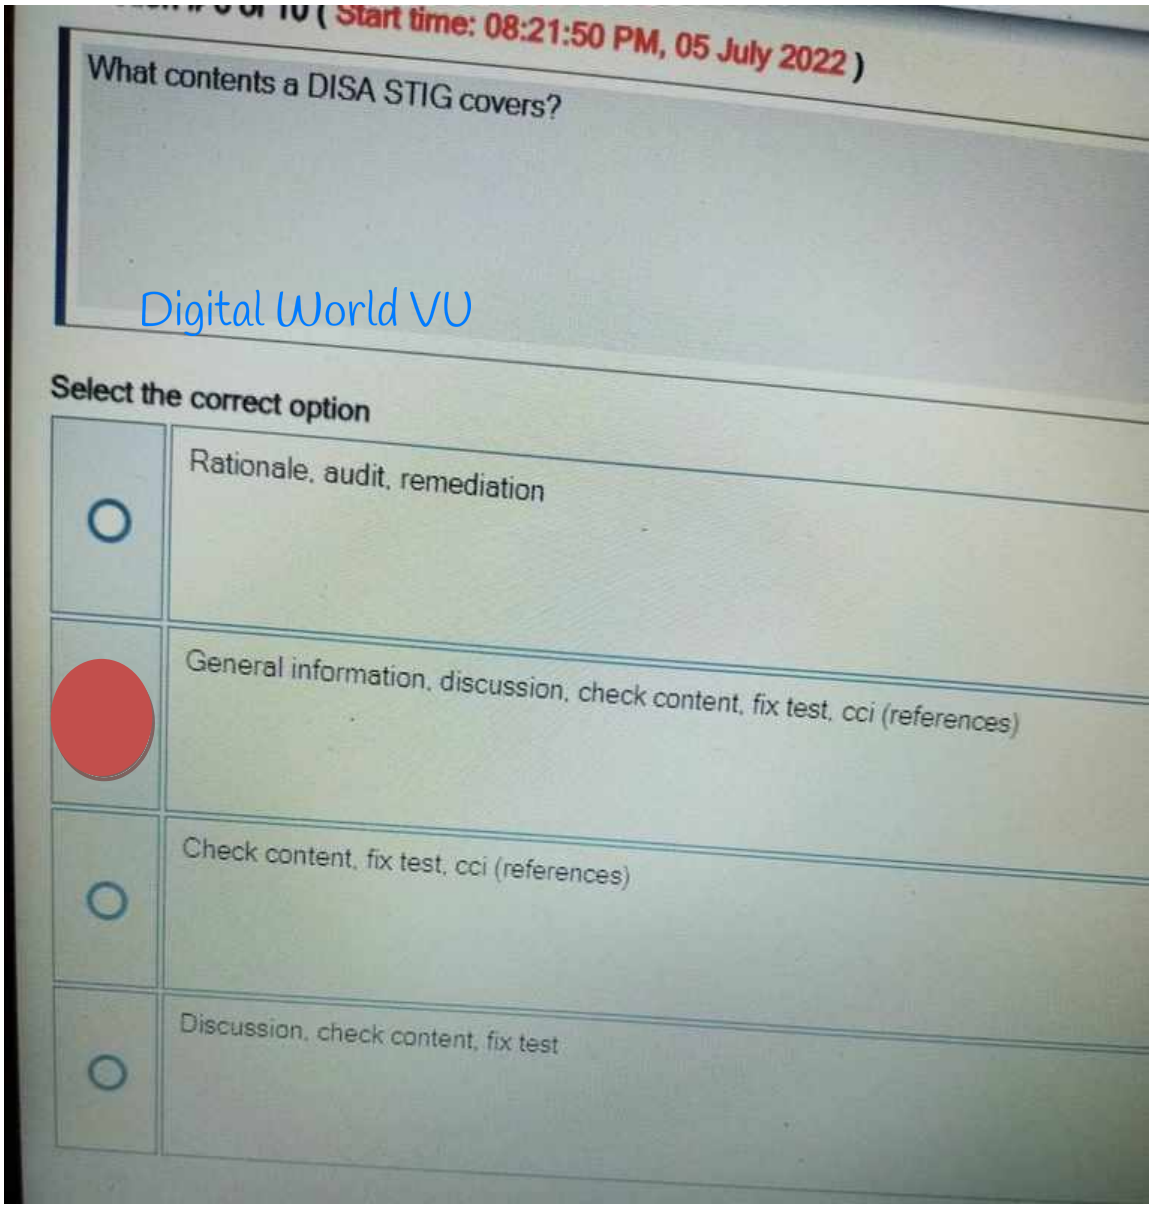

(Start time: 08:23:13 PM, 05 July 2022)

Which vulnerability comes under cat 2 as per DISA STIG?

Digital World VU

Select the correct option

- The exploitation of which will directly and immediately result in loss of cia
- Existence of which degrades measure to protect against loss of cia
- The exploitation of which has a potential to result in loss of cia
- Any critical vulnerability

(Start time: 08:21:50 PM, 05 July 2022)
What contents a DISA STIG covers?
Digital World VU
Select the correct option
Rationale, audit, remediation
General information, discussion, check content, fix test, cci (references)
Check content, fix test, cci (references)
Discussion, check content, fix test

Question # 5 of 10 (Start time: 08:20:34 PM, 05 July 2022)

Maturity level "3" for "security architecture" security practice in software assurance maturity model represents?

Select the correct option

- Direct the software design process to known secure services and secure by-default design
- Consider security explicitly during software security requirements
- Increase granularity of security requirement derived from business logic
- Formally control the software design process and validate utilization of secure components
